

Data Privacy Expert Group Meeting Agenda

Munich 21 Jun, 2022

Data Privacy Expert Group will bring speakers from outside the group to discuss two problem statements and how Privacy Enhancing Technologies (PETs) can help. There will be a combination of a virtual and physical event, and the first (virtual) part will be open to non-members to participate in, while the second part will be for members only.

13.45: Welcome by Mobey Forum Data Privacy Expert Group chair: Amir Tabakovic, Experiens.ai

13.50: Real life example of building multi-bank financial crime prevention ecosystem by Ivich Hoffman, ABN AMRO

14.05: Panel discussion: Building an ecosystem for multi-bank financial crime prevention

- Ivich Hoffman, ABN AMRO
